

# 4 Seat Custom 4x4 Buggy

Built by Shannon Campbell (Campbell Enterprises)

**\$29,900** This Custom Buggy was built by Shannon Campbell for his own personal use; with incredible attention to detail and one of a kind metal work inside and out. If you're looking for one vehicle that you can take and crawl the rocks, play in the dunes then blast down the Forest Service roads, this is the buggy for you. This buggy has been on trails throughout California, Arizona, Utah, Colorado, it works incredibly well on the trails and in the dunes; it drives incredibly well on the road as well. Powered by a 400+ HP Chevrolet 400 CI small block, with Electromotive TBI and ignition system. Turbo 350 with an Art Carr shifter and Atlas 4.3 transfer case, Sway-A-Way 2.5" Nitrogen gas coilovers at the corners, New American Racing Vice wheels with 37x12.50 BFG Krawlers, Warn Axle components front and rear, 4:88 diffs / ARBs and full float rear. Warn XD 9000i winch with nylon winch rope. Jet Hot coated headers and exhaust system. Show quality Candy red paint by Custom Automotive Specialists of Arizona.
